

PROMOTION

# Chance to find out more about popular school

Parents and carers are invited to visit Bungay High School as it hosts its open evening at the end of this month.

Bungay High School is inviting parents, carers and current Year 6 students to visit the school at its open evening on Thursday, September 28, 2023. Due to its popularity, there will be two sessions from 5.45–7.15pm and 7–8.30pm, with headteacher presentations at 5.45pm and 7pm. As an alternative, the popular School Day Tour events will also invite parents and students to visit the school and meet the senior leadership team or headteacher Chanel Oswick. A strong inclusive ethos has

guided Bungay High School through an exciting period in its 450-year history. High standards of behaviour, respect for each other and pride in oneself have been prioritised alongside excellent standards of teaching, leading it to become an oversubscribed school which has recently expanded with a new four-million-pound building offering a new canteen and IT facilities. “Bungay High School is inclusive, aspirational and committed to providing a broad and balanced curriculum, both

inside and outside the classroom,” said headteacher Chanel Oswick. “We are delighted to announce continued successful results for both our A-level and GCSE students, maintaining the progress of previous years. These outcomes are a credit to students and their teachers and a testament to all their hard work and dedication during their time with us.” Bungay High’s progress clearly indicates that students achieve beyond expectations across the

broad range of subjects that they study. The school offers more than just a strong academic structure for students, they also enjoy school life and are able to make full use of extra-curricular activities, including sports clubs, its own youth theatre group, the Duke of Edinburgh’s Award scheme and many extra-curricular and overseas trips, to name a few. “This is an exciting time to join a popular and rapidly growing school, where we challenge our

students to be the best that they can within a supportive environment and provide them with the confidence and opportunities to achieve their goals and aspirations,” said Mrs Oswick. “We work closely with our parents to support their child, so they can flourish and meet the demands required to become a well-rounded individual.” **For more information, please visit [bungayhigh.co.uk](http://bungayhigh.co.uk)**
